

## Course Structure

CPM and CCP year 1 are composed of seven modules which are divided into sections as follows:

#	Module Name	Sections
1	Working in the Hospital	Cardiopulmonary Resuscitation (CPR) Fire Safety Health and Safety Infection Control and Hand Hygiene Privacy and Confidentiality Electrical Safety The following are recommended but not compulsory: - Cultural awareness - Communication - Moving and Handling - Child Abuse Policy
2	Cardiovascular Anatomy and Physiology	Cardiovascular Anatomy Electrophysiology Cardiac Conduction System Cardiac Physiology
3	Electrocardiography (ECG)	Normal ECG ECG Lead Systems ECG Technique ECG Troubleshooting ECG Equipment
4	ECG Interpretation	ECG Interpretation ECG Axis Sinus Node Rhythms Atrial Rhythms Junctional and AV Reentry Rhythms Ventricular Rhythms Atrioventricular Blocks Bundle Branch Blocks Ischemia and Infarction Other ECG Abnormalities
5	Ambulatory Monitoring	Ambulatory ECG Monitoring Theory Ambulatory BP Monitoring Theory Holter Monitor Fitting and Removal Practical Event Monitor Fitting and Removal Practical Ambulatory BP Monitor Practical
6	Exercise Tolerance Testing (ETT)	Exercise Physiology ETT Theory ETT Practical

7	Cardiac Abnormalities and Diseases	Cardiovascular Disease Ischemic Heart Disease Structural Heart Disease Heart Failure Channelopathies
