## **Current vacancies**

### **Cardiac Physiologist (Permanent, 1.0 FTE) Cardiology Service Waitemata DHB**

Waitemata DHB is seeking a qualified Cardiac Physiologist to be based at North Shore Hospital but able to work at Waitakere Hospital as required. There may be some overtime and on-call work.

Our Cardiac Physiology department is a rapidly developing service with an enthusiastic team focused on contributing positively to the future of Cardiology within WDHB. Some procedures are carried out at both North Shore and Waitakere Hospitals.

As a Cardiac Physiologist at WDHB, you will be part of a busy, integrated, flexible team and expected to maintain skills in all areas. The procedures you may be involved with include:

- ECGs, Holter/Event/ABU monitor fitting and analysis
- Spirometry (inpatients only)
- Exercise Treadmill testing including. Some procedures are Physiologist led.
- Cardiac Catheterisation Angiograms, PCI and Right Heart Studies.

- Pacemaker/ ICD implants and follow up (not essential).
- Training and supervision of Cardiac Physiology students

You will also need to demonstrate excellent interpersonal and communication skills and an understanding of relevant technology.

Our ideal candidate:

- Registered as a Cardiac Physiologist with the Clinical Physiologists Registration Board
- Minimum of two years' experience as a qualified physiologist
- Recently or nearly qualified candidates would be considered

For further information, please contact **Liane Dawson, Team Leader Cardiac Physiology** on **09 486 8900 ext. 43316**

**Please note that only applications submitted via our careers website [www.wdhbcareers.com](http://www.wdhbcareers.com) will be accepted.**

**Closing date: 14 May 2018**  
**Job Number: NOR03211**

## Cardiac Sonographer

**1.0 FTE (40 Hours per Week)**

**Fulltime, Permanent Position**

**Monday to Friday**

Taranaki District Health Board is seeking a Clinical Cardiac Sonographer to join our team.

The Cardiology department provides a full range of diagnostic procedures including, Coronary angiography, Echocardiography (Adult and Paediatric), Holter, Event Recorder and Blood Pressure monitoring and analysis, Exercise Treadmill Tests, ECGs, Pulmonary Function Tests and Pacing.

The successful candidate for the position should:

- Have the BSE, DMU or equivalent qualification that is recognized by the Society of Cardiopulmonary Technology (SCT).
- Be registered with the Society of Cardiopulmonary Technology Registration Board in NZ or in the process of registering.

We are looking for a Cardiac Sonographer who is proficient in all aspects in Echocardiography. The successful candidate will report to the Clinical Nurse Manager and Lead Sonographer in charge of the department and work alongside the other Clinical Cardiac and Respiratory Physiologists, as well as other members of the cardiology team.

Come and live in the region that has just been named the world's second top region to visit in 2017 by Lonely Planet!

In Taranaki, it is easy to achieve an enviable lifestyle without having to compromise your career path. The region's amazing mountain, rivers, lakes, fantastic coastline and outstanding surfing and tramping opportunities, masses of parks and gardens, as well as a major events calendar, make it a great place to live and work.

The Taranaki District Health Board is a large organisation (1,800 staff, \$325m cost-centre) operating in the exciting, changing Health sector.
